BRIAN ELKINGTON:

'A Mark in Time', a new CD of original songs by Brian Elkington, is a refreshing example of the best of the acoustic singer-songwriter genre. The album reflects the talents of a gifted song writer; who has received several awards and nominations for his songwriting. His songs have great depth and richness, beautiful melodies and memorable lyrics.

Friends, family, home, accidental lovers and true love are some of the chapters in this story, each one part of the lyrical journey, with steps familiar to us all. It is heartfelt music that everyone can relate to.

"Husband's lament" covers the coming to grips with life's choices. "Odyssey" tells the story of 10 years of chasing opportunities in music all around the United States.

Brian grew up in the United States and moved to Sydney 14 years ago. Brian first started playing guitar and writing music at the age of 17. He has played his original songs at some of America's greatest venues, including Gerde's Folk City in Greenwich Village and the Bluebird Café in Nashville.

In the US, Brian made some industry buzz playing in a duo with his friend Daniel Mohs. Known as "Elkington Mohs" they spent a decade travelling around the US playing music, including many of Brian's original songs. They had a great vocal sound and lots of loyal fans. Unfortunately, the duo had to break up when Brian moved to Australia.

Brian and Daniel spent some time playing their music in Nashville and Brian pursued his songwriting. Several of Brian's songs were published and recorded during this period and he's got many more great songs which were written in Music City. After moving back to Minnesota, Brian met a girl from Australia and decided to get married. A few years later he and Jane moved to Sydney where they now live with their three beautiful daughters.
